The practice -

The college has a considerable number of students almost 50 to 60% of the total students strength every year the college has always given emphasis on admission of girls student. It has also offered installment facility in the admission fee, examination fees to most of the girls student. Most of the students and Girls women in Kalamboli area has come and taken advantage of the course. Special trainer was also available for that course. Some of ex-student has already completed their professional Beautiparlour course they guide to all student they share their experience and given valuable information.

On 3/1//2017 on the occasion of Krantijyoti Savitribai Phule on their birth Anniversary after pratima puja Beauty parlor course has inaugurated. all girls student and faculty members of arts, commerce, science were participated in programme. Economics department Prof. Sanjay Mahajan sir inaugurated this program. Our principal was chief guest in this program. Prof. V. D. Salunkhe has given introduction about the course. She has explain topic/title of the course ,their duration, time limit and name of the trainer and what are training subject involved in the course.

Evidence of Success:-

The college has conducted gender Audit with the help of eminent women lawyers and academicians of area for academic year 2016-17 and 2017-18. The gender audit had highly appreciated various efforts undertaken by the college for the empowerment of the girls student. In the parents meeting, which is organized every year the efforts girl empowerment has been highly appreciated by the parents. Due to encouragement and motivation expert lecture for job opportunity and self employment the girls students remained positive attitude and they are ahead of boys in many exams, competitions and opportunities. Most of the students participated in vocational course, events and many programmes.

Duration of the course was 10 day is started from 03 January 2017 to 13 January 2017 time of the course is 11.00 am to 2.00 p.m. total no. of student were 53 it was 2 hour course and one hour for practicing. Training fees was Rupees 200. on the last day exam has also conducted for all participated student. and certificate also issues to all student who has participated. Some faculty member has also participated in this course. College has earned good response during this course.

Problems Encountered and Resources Required: -

As the mention earlier, most of the students from poor family and they have very moderate educational background and some student, parents are unemployed and some are daily workers. So there is need for more awareness and opportunities required for the

students. There is also great need to create awareness about gender sensitivity and equality among both girls and boys students of the college.

2) AIDS Awareness

2) AIDS Awareness

Importance:

Requirement of AIDS Awareness: The age group of 15-29 years among the youth is considered to be more susceptible to HIV / AIDS infection. Mental and social status at this age creates a curiosity about sexuality as it is sensitive. In addition, lack of proper information about HIV / AIDS and limited ability to acquire life skills increase the risk of infection.

AIDS Awareness encourages young people to lead a safe and healthy lifestyle. The Red Ribbon Club encourages and directs young people to learn about HIV / AIDS, as well as to encourage safe sex and voluntary blood donation.

The Red Ribbon Club enables college youth to contribute to the HIV program by creating awareness about HIV / AIDS.

Aims and Objectives -

- 1) To give energy / strength to the youth by giving them proper information about HIV / AIDS prevention, care and support treatment.
- 2) Empowering youth to spread the message of positive health behaviors in a healthy environment
- 3) Motivating youth to reduce stigma and discrimination against people living with HIV / AIDS
- 4) To enhance leadership qualities, compromise skills and capacity building.

Functions and Responsibilities:

- 1) To create awareness among the youth about HIV / AIDS, sexually transmitted diseases / sexuality and other related issues by informing them about the right options. In short, to remove misunderstandings and give them proper information,
 2. To enable youth, especially female students, to identify and understand the situation of sexual exploitation and abuse.
 3. To eradicate stigma and discrimination by making the youth sensitive about the person living with HIV, giving support and help to such people,
 4. Efforts to increase youth participation in HIV / AIDS, sexually transmitted diseases and drug abuse prevention and access to health services.
 5. To promote safe and responsible healthy transformation among the youth and to strengthen the relationship between government agencies, NGOs, security and social
6. To create peer educators in the college youth and help them to adopt a positive lifestyle and to strengthen the work of AIDS.
 7. Organizing the Red Ribbon Club and planning to increase the participation of college youth in HIV / AIDS awareness programs and activities so that their energy is rewarded for the right work.
 8. To create youth peer educators in the college as well as outside youth as well as to create awareness through Red Ribbon Club under the guidance of sensitization lecturers.

The Practice :

Expert lectures, slogan competitions, poster competitions, essay competitions and oratory competitions have been organized for this purpose. The participation of volunteers is good. On the subject of 'Awareness about Aids, Hon. Mr. Prakash Vishwanath Avsarmol, I.C.T.C. Counselor, M.G.M. the hospital's lecture program took place. On this occasion, he gave in-depth information on the nature, causes and preventive measures of AIDS. "The only real solution is to prevent AIDS," he said. He said that adolescents and college students have an important role to play in raising awareness about AIDS. He expressed satisfaction over the week being celebrated by the college.

The program was presided over by the principal of the college, Dr. S. C. Lahupchang was. In his presidential address, he said that the message "Treat human beings with AIDS in a humane manner" is important from a social point of view.

The rally was held at a place where Kalamboli trucks and containers are parked where there are more drivers. A visit was made to the AIDS Hospital at Kalamboli.

As well as Dr. Jadhav B. B. introduced the structure, objectives and functions of this programme. Today's student volunteers expressed the need for 'AIDS Awareness' for a healthy and prosperous India as they are future citizens of India. The program was moderated by Dr. Bharti Arote, thank you expressed by Prof. Anita Mhatre. Nitin, Shweta, Bhagyashree, Supriya, Anjali, Karisma, Roopam, Pooja, Mayuri etc. participated in the stage arrangement, rangoli, plaque writing, reception and set an example for other volunteers.

Evidence of Success :

- 1) Awareness about AIDS prevention was spread among young men and women through various competitions. They themselves participated in this competition and created awareness in the society in various ways.
- 2) The AIDS Hospital was visited at Kalamboli and emotional support was given to the AIDS patient there.
- 3) Due to public awareness about AIDS, programs like blood donation were conducted.
- 4) Young people started doing AIDS in the society as a messenger of change.
- 5) Awareness among truck drivers and Mathadi workers in the Kalamboli area has definitely benefited them.

Problems encountered & Resources Required

Since AIDS is a sensitive subject, special care has to be taken while guiding about it. People in the community do not have to give real information, so this issue has to be handled properly. Students have to be trained first. They must have to be confident and dependable.
