Research and Development Cell

About the Research and Development Cell

A research and development cell has been established in the college to promote innovative and industrially relevant research to students and faculty. Research and Development Cell consists of Principal as Chairperson, Mr. Mahajan Sanjay Baburao as Coordinator and Senior Professors as members.

Vision

To develop a robust mechanism to further, develop and strengthen the research ecosystem in higher education institutions aligned with the provisions of the New Education Policy 2020.

Mission

1. Creating an environment conducive to improving research productivity.
2. Promote collaboration among industry, government, community-based organizations and agencies at the local, state and national levels.
3. Facilitating access to research by mobilizing resources.

Objectives of Research and Development Cell

1. Creating an organizational structure with role-based functions of Research and Development Cell.
2. Formulating a research strategy for the college.
3. To identify important areas of research
4. Dissemination of research outcomes to stakeholders and the public.
5. To identify potential collaborations for collaboration and synergistic partnerships from research, industry & academic institutes and other stakeholders.
6. To strive for better coordination in University-Industry inter linkages, Incubation, Innovation and Entrepreneurship development and other areas related to Intellectual Property Rights (IPR).
7. To provide a focal point for coordinating research and development activities Between various departments of the college, faculty members and research students.
8. To monitor and supervise research and development activities in the college.
9. To ensure proper monitoring of research projects and participation in all research areas.

Functions of Research and Development Cell

1. To develop an environment in the college that promotes innovation and research activities.
2. To develop research attitude among students.
3. To organize conferences, workshops, seminars etc. to strengthen industry and college interaction.
4. To encourage faculty to apply for major and minor research projects to various funding agencies.
5. To develop leadership to acquire research skills and incorporate research into social activities for the benefit of mankind.
6. Encouraging students to participate in innovation competitions.
7. Establishing linkages and Memorandum of Understanding (MoU) to promote consultancy.
